Network

IT Status

**Special maintenance window for Burruss Only today, Nov. 25, 2015, from 2p to 4p:** Network Infrastructure and Services will conduct special network maintenance in Burruss Hall today (11/25) from 2pm to 4pm. This will interrupt wired, wireless and voice services **for users served by Burruss’s building network only**. Services dependent on the Burruss Hall Switchroom network (e.g. UC core, SIP trunks; i.e. buildings other than Burruss) should not be impacted.

After the maintenance, users should report any problems by calling 540-231-4357 (on-campus phones, call 1-HELP).

Service Degraded
